DETAILED ACTION

Applicants' response of 2/28/07 has been considered with the following results.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

1. Claims 1,4,7,10-12 are rejected under 35 U.S.C. 112, second paragraph, as failing to set forth the subject matter which applicant(s) regard as their invention. Evidence that claim 1 fail(s) to correspond in scope with that which applicant(s) regard as the invention can be found in the reply filed 2/28/07 In that paper, applicant has stated on page 6 of his response:

"

. But note that spiral tracks (groove, s/lands) are used in a writeable portion. The bumps define a ROM portion. That is completely unheard of in the optical disk arts: that a single substrate is stamped with both bumps and a spiral track to define ROM and RAM portions that a covered with a single phase-change layer."

No such ROM limitation with respect to the bumps is so defined in the claims.

The dependent claims fall accordingly.

Also, note that claim 4 depends from canceled claim 3, which is not possible. Hence this claim additionally suffers for that reason, i.e., fails to particularly point out the invention.

Response to Arguments

Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

Allowable Subject Matter

If the above 112 problems could be corrected, then the claims would be allowable over the art of record.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 2627

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
